PROFESSIONAL SUMMARY

Full Stack Developer with 2.6+ years of experience building business platforms, admin dashboards, and scalable web applications using React.js, Next.js, Node.js, Express.js, PostgreSQL, and Redis. Skilled in frontend engineering, backend APIs, database optimization, authentication systems, and deployment automation. Experienced in scalable architecture, performance tuning, CI/CD workflows, and Agile delivery.

CORE COMPETENCIES

Full Stack Development • React.js • Next.js • Node.js • Express.js • REST APIs • PostgreSQL • SQL Optimization • Redis • JWT Authentication • RBAC • API Security • Responsive UI • Reusable Components • Performance Optimization • Docker • CI/CD Pipelines • Git & GitHub • Jest • Debugging • Agile & Scrum • System Design

PROFESSIONAL EXPERIENCE

Mobtions - Full Stack Developer | Aug 2025 – Present | Bengaluru, India

- Build and maintain web applications using React.js, Node.js, Express.js, PostgreSQL, and Redis.
- Designed scalable REST APIs and backend services, improving API response time by 30% through Redis caching and SQL query optimization.
- Developed secure multi-role systems for employees, admins, publishers, and advertisers using JWT and RBAC.
- Built dashboards with filtering, pagination, analytics, monitoring, and workflow automation.
- Reduced deployment effort by 35% through Dockerized CI/CD workflows, reusable modules, and optimized backend services.
- Developed scalable APIs with Jest-based testing, Offerwall integrations, and collaborated in Agile teams with cross-functional stakeholders.

Arsoft Technologies - Full Stack Developer | Nov 2024 – Jul 2025 | India

- Developed business websites and client applications using React.js and modern frontend technologies.
- Improved application responsiveness, accessibility, and UI performance.
- Collaborated with clients to deliver business solutions while supporting reusable UI development, debugging, testing, deployment, and production activities.

Quantumware Technologies - Intern

- Assisted in MERN stack application development and maintenance.
- Worked on frontend features, backend APIs, debugging, and testing.
- Supported API Integration, UI implementation, Git workflows, code reviews, and collaborative development activities.

TECHNICAL STACK

Frontend: React.js • Next.js • JavaScript • TypeScript • HTML5 • CSS3 • Bootstrap • Tailwind CSS • Material UI • Redux Toolkit

Backend: Node.js • Express.js • REST APIs • WebSockets • JWT • RBAC • Middleware Architecture

Database & Infrastructure: PostgreSQL • SQL • Redis • Docker • CI/CD • Git • GitHub

Testing & Engineering: Jest • React Testing Library • Debugging • Performance Monitoring • Agile • Scrum • System Design

EDUCATION - Bachelor of Technology (B.Tech) – Computer Science & Engineering

Gandhi Institute of Technology and Management (GITAM), Bhubaneswar

CERTIFICATIONS

- MERN Stack Developer Certification
- CI/CD Certification
